## Live Sports Centre - Handball

*Non-stop gameplay action to enrich your betting offer*

# Live Sports Centre - Handball

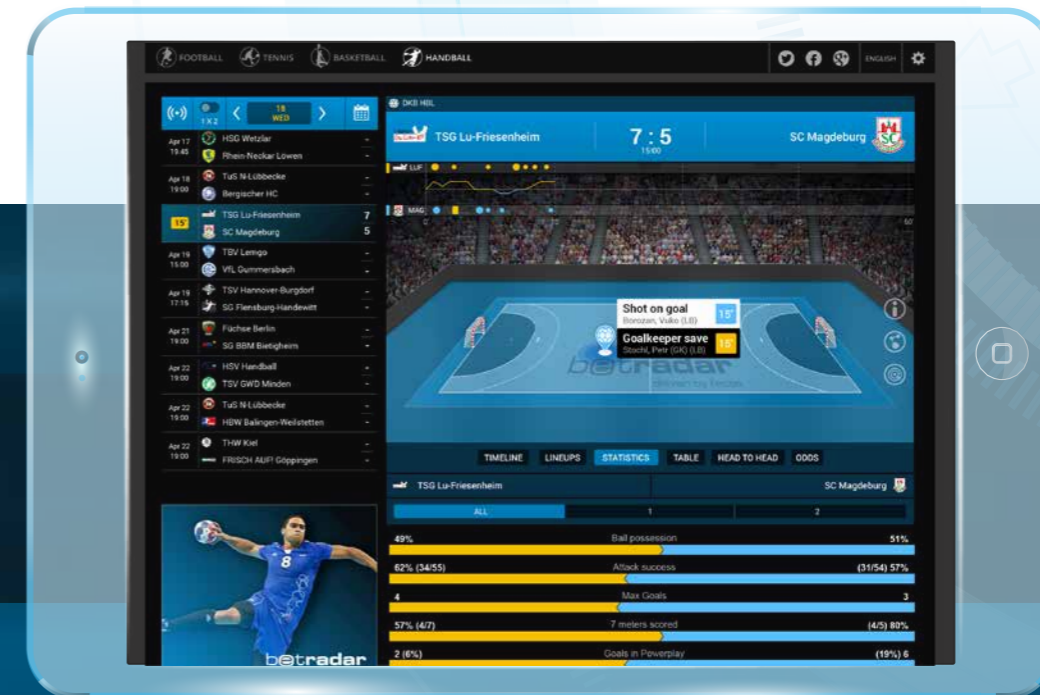

Non-stop gameplay action to enrich your betting offer

In recent years, interest in Handball has increased considerably and it is now a major sport that enjoys worldwide popularity. Lightning action with brilliant moves and high scoring combine to provide thrilling entertainment for spectators and make Handball the ideal sport to keep punters glued to any sportsbook.

As a specialist in developing holistic and entertaining content solutions, Betradar proudly presents its latest innovation, the brand new **LIVE SPORTS CENTRE – HANDBALL**. This new solution entertains punters with a full range of breath-taking non-stop gameplay, typical of the game itself.

Fixtures, team performance data, live tables and the timeline are only a few of the features our Live Sports Centre - Handball offers. Moreover, the solution provides users with a point-by-point coverage in combination with comprehensive live statistics, match commentary and team line-ups for selected tournaments.

*Let your clients feel the dynamic  
and thrilling atmosphere of  
Live Handball – provided by your sportsbook*

## PRODUCT HIGHLIGHTS

- Real-time live match visualisation with positional in-play data
- Promotion options such as pitch-overlays drawing attention to new betting opportunities
- Comprehensive match and team such as ball possession, attack success or goals in a row
- Several options to integrate your pre-match and live odds with direct link to betting slip
- Fully customisable look and feel according to your CI and to differentiate from competition

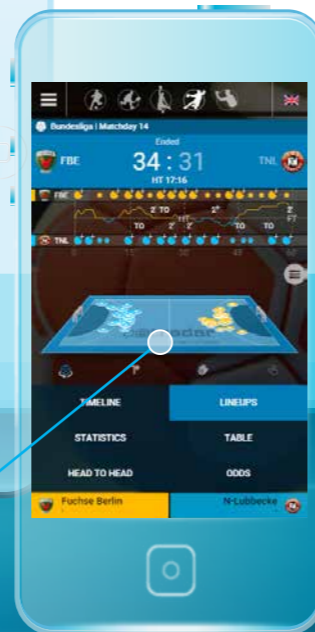

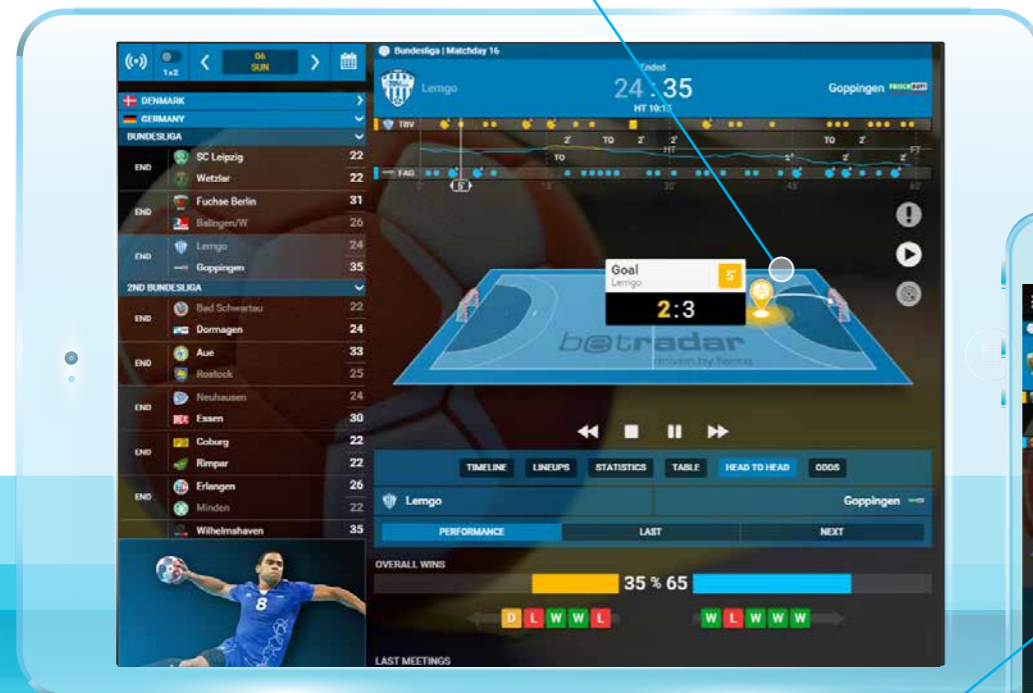

# Stimulate further betting activities - through individual pitch overlays

As with all other Betradar Live Sports Centres, it is fully customisable in accordance with your individual needs. You can either use a ready-made solution and customise it completely to your own look-and-feel, or chose your preferred web widgets from a broad variety of information snippets to provide the latest sports news on your sportsbook in a fresh design. Covering multiple media devices with the same integration, the solution perfectly supports any online or mobile sportsbook.
