

CUSTOM BET

Combine bets across markets

Make the most of enormous growth in single match accumulators

Custom Bet allows punters to combine related or unrelated outcomes into a single ticket, which previously had to be placed as individual bets. Available Pre-Match and Live for all soccer tournaments including major events such as the World Cup, European Championship and Copa América, Custom Bet lets customers combine up to ten selections into one accumulated ticket for markets such as 'Match Odds', 'First Goalscorer', and 'Both Teams to Score'.
