

# NUMBERS BETTING

## Pre-match betting on the largest selection of real state lotteries

**Numbers Betting is the world's most comprehensive lotteries betting solution on the market, offering punters 24/7 fixed odds betting on numerous markets and outcome selections. It's available through Betradar's Unified Odds Feed and provides retail visualization stream of lottery draws from 165+ lotteries worldwide.**

**44,600+**  
draws per  
month

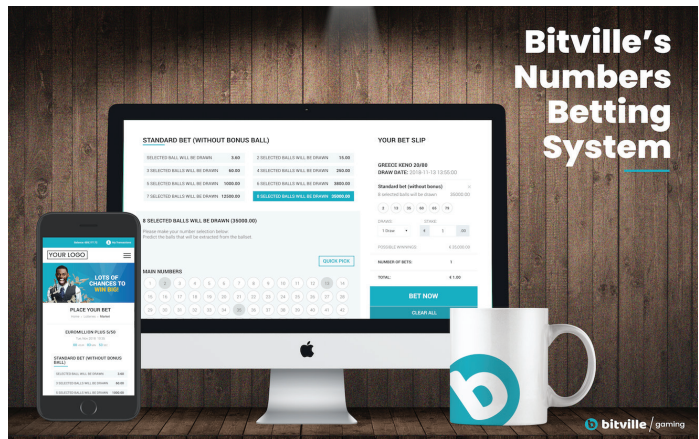

Our brand new online solution features fully responsive and customizable user interface with multi-currency and multi-language support, fully configurable odds and works across a range of devices including mobile and SSBT. With simple wallet-to-wallet integration it can be quickly and seamlessly plugged into any betting or gaming platform.
