

PLAYER MARKETS

Betting on individual player performance

'Will Cristiano Ronaldo shoot more than 5 times on Napoli's goal?' And 'How many points will Luka Doncic score tonight?' These are the questions that sports fans love to discuss before a game – and there is no better way to spice up the discussion than by placing a quick bet on it! Player Markets offers exactly that; enabling your customers to bet on an extensive range of performance-related markets for the most captivating sports in the US and around the world.

up to
600+
bets per game

Product Highlights:

600+ bets per game – covering NFL, NBA, MLB as well as top European soccer leagues (Premier League, La Liga, Serie A, Bundesliga, Champions League) and Australian Football League

Sharpest prices thanks to our leading edge mathematical odds models and our dedicated team of traders monitoring team news and market movement

No workload for bookmakers as markets are created, managed and settled in-house

New competitions added: EuroLeague basketball, US college basketball, US college football and Euro 2020 soccer...

Bet types offered by Player Markets

Player Markets currently supports two bet types: "at least" and "over/under". All markets offered within these two options are player-related, such as a player to rush for "at least" X number of yards or score "over" or "under" X number of points in a game.

Available markets

AMERICAN FOOTBALL	BASKETBALL	BASEBALL	SOCCER	AUSSIE RULES
